

SCOPE

01 | General description

Describe briefly the case and your role:

What is going well?

What are some challenges

02 | Goals

Organization

Why is the project important to the organization?

Project

- What is non-negotiable?
- What are important milestones?
- What end-result should be on the table?
- What is 'out of scope'?

Stakeholders

What's on their agenda?

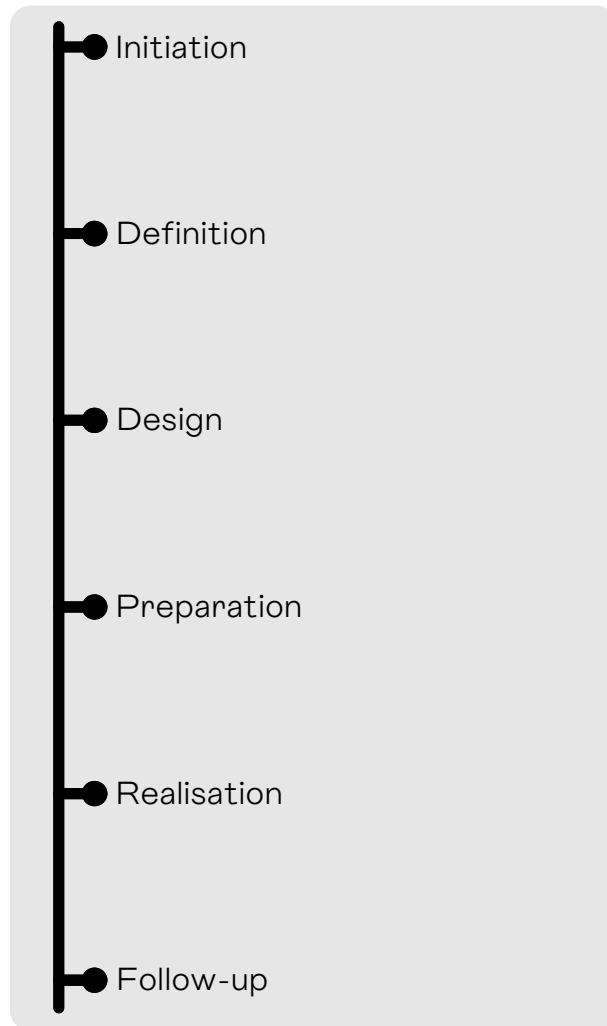

Personal

What are your own goals and drivers? What's in it for you?

SCOPE

03 | Project stages

Indicate the stage you are in right now

What steps have already been taken?

Which ones are still on the table?
